Subject: Recommendation ...

To Whom it May Concern,

After 6 years of having **Mueller Professional Lawn Services, Inc.** handle all of our lawn and garden needs, I highly recommend Randy Mueller and his company. Randy is an impressive guy and runs a great business. I continue to be impressed by his attention to detail, follow through and his personal management of excellent relationships with his customers. As owner of a business, I understand and appreciate the importance of these traits, so naturally I notice them in other companies.

Bottom line ... I would not hesitate to recommend Randy Mueller and his company to anyone. They do it all and we love it!

Regards,
Richard
